

Dear Neighbors,

Things are tough here in Chicago. The stimulus packages do not seem to have trickled down to you and me. Like President Obama said, "We are the ones we've been waiting for." It's in our power to save the local economy - to save local stores and restaurants, where our loved ones work. None of us can totally avoid large faceless corporate establishments, but it's the local establishments that keep 70% of shopping dollars in our community. And though convenient, internet shopping robs us of much needed local income and revenue. We can make a change! We can make the conscious decision to choose eating and shopping local - to choose us. Let's take the lead together.

Happy Holidays,
Mark Thomas, Da Boss
